HochschülerInnen, Jüdische österreichische. [Jüdische österreichische HochschülerInnen]. (2017, October 17). We are very happy to announce that the ÖH - Österreichische Hochschüler_innenschaft (Austrian Students' Union) is the first national student union to officially pass a resolution denouncing BDS and also

passing a version of the International Holocaust Remembrance Alliance - IHRA definition of antisemitism. The resolution states BDS to be an anti-Semitic campaign and calls not to give it any space or supporting funds. This has been a big step in the fight against antisemitism and we are very happy that after our lobbying effort almost all factions have supported the motion.

A special thanks to the GRAS - Grüne & Alternative Student_innen and the their continuing support in the fight against all antisemitism. [Facebook]. Retrieved from <https://www.facebook.com/joehwien/posts/1439289436148580>
