

ABSTRAK

Perkembangan dunia terutama abad ke-20, di mana perhatian masyarakat internasional dipusatkan pada dampak regulasi terkait ekonomi internasional, regional dan nasional, maka orientasi hukum pidana beralih kepada analisis ekonomi mikro secara terukur dan pasti tentang bekerjanya hukum pidana dalam masyarakat. Penelitian ini akan membahas permasalahan mengenai Bagaimana kebijakan formulasi tindak pidana korporasi di Indonesia? Dan bagaimana penerapan analisis ekonomi mikro pada reformulasi hukum pidana terhadap kejahatan korporasi di Indonesia? Metode penelitian yang digunakan dalam penelitian ini adalah yuridis normatif, menggunakan data sekunder yang terdiri dari bahan hukum primer yaitu peraturan perundang-undangan mengenai tindak pidana korporasi, dan bahan hukum sekunder berupa literatur terkait permasalahan penelitian, yang diperoleh melalui studi kepustakaan. Berdasarkan hasil penelitian diketahui bahwa analisis ekonomi mikro terhadap hukum pidana meliputi keseimbangan, maksimalisasi, dan efisiensi.

Kata Kunci: Tindak Pidana Korporasi, Analisis Ekonomi Mikro, Reformulasi

ABSTRACT

The development of the world, especially the 20th century, where the attention of the international community was focused on the impact of regulations related to the international, regional and national economy, the orientation of criminal law turned to micro-economic analysis in a measured and definite way about the workings of criminal law in society. This study will discuss the problem of How is the policy formulation of corporate crime in Indonesia? And How is microeconomic analysis applied to criminal law reformulation for corporate crime in Indonesia? The research method used in this study is normative juridical, using secondary data consisting of primary legal materials, namely laws and regulations regarding corporate criminal acts, and secondary legal materials in the form of literature related to research problems, which were obtained through library research. Based on the research results, it is known that microeconomic analysis of criminal law includes balance, maximization, and efficiency.

Keywords: Corporate Crime, Microeconomic Analysis, Reformulation
