Catatan Penilaian artikel oleh Reviewer :

1. Kelengkapan unsur isi jurnal:

Makalah ini telah ditulis sesuai dengan format International Journal of Engineering Technologies and Management Research. Latar belakang terungkap dengan jelas. Kebaruan dari artikel ini diutarakan dengan ekspilist

2. Ruang lingkup dan kedalaman pembahasan:

Arikel ditulis dengan ruang lingkup yang sempit. Pembahasan masih sederhana. Artikel ini sangat menarik jika dibahas lebih dalam belum terdapat pembahasan/ diskusi yang membandingkan dengan hasil peneliti lain.

3. Kecukupan dan kemutakhiran data/informasi dan metodologi:

Referensi mutakhir. Metoda standard dan bisa direfleksikan oleh ahli sebidang. Data mini dan pembahasan masih sangat kurang.

4. Kelengkapan unsur dan kualitas terbitan:

Penerbitan oleh Medip Academy tidak begitu bagus. Masih terdapat skema riset, yang seharusnya dalam sebuah artikel cukup dideskripsikan. Jurnal dikategorikan pada jurnal Internasional dengan nilai maximum 20

About IJETMR

International Journal of Engineering Technologies and Management Research

is an open access journal that provides monthly publication of articles in all areas of Engineering and Management. It is an international refereed e-journal. IJETMR have the aim to propagate innovative scientific research and eminence in knowledge. IJETMR Journals has become a prominent contributor for the research communities and societies. IJETMR Journal is making the bridge between research and industrial developments. The key objectives of IJETMR Journal are:

To provide a platform for the promulgation of research outputs and activities in engineering and management fields.

To publish knowledge and results in an efficient and effective manner.

To ensure the implementation of copyright and intellectual property law, IJETMR Journal keeps a strong eye on the content of research papers.

To encourage new research for the industrial applications in engineering and management fields.

To improve the standards of scientific journals for the international dissemination of information.

To bring together and build a team of outstanding experts on one platform from all over the world.

To produce the authentic and qualitative research.

Plagiarism

Plagiarism is deliberately using someone else's language, ideas, or other original material without acknowledging its source and without giving them credit. Copying even one sentence from someone else's manuscript, or even one of your own that has previously been published, without proper citation is considered plagiarism-use your own words instead.

Galley Proof

Galley proofs would be sent unless indicated otherwise to the corresponding author. It is the responsibility of the corresponding author to ensure that the galley proof are to be returned without delay with correction if (any). The authors are responsible for the contents appeared in their published manuscripts.

Withdrawal Of Manuscripts

If the author requests withdrawal of manuscript after submission within the time span when the manuscript is still in the peer-reviewing process with Editors/Referees, author is allowed to withdraw the manuscript without paying any withdrawal penalty whatsoever. However, it is unethical to withdraw a submitted manuscript from one journal if accepted by another journal. The withdrawal of manuscripts from the journals after submitting to the publisher will incur a withdrawal penalty from GRANTHAALAYAH Publishers. After the manuscript is accepted for publication either through journal editors or guest editors or conference organizers, the withdrawal is not permitted by GRANTHAALAYAH Publishers. If the authors or conference organizers or a third party withdraw manuscripts any time after final manuscripts have already been submitted to GRANTHAALAYAH Publishers for processing, the request is not entertained without a significant withdrawal penalty. Authors or conference organizers or a third party are not allowed to withdraw submitted manuscripts because the withdrawal wastes valuable manuscript processing time, money and works invested by the publisher. The authors or conference organizers or a third party must always pay \$100 manuscript processing charges as withdrawal penalty to the publisher even if the withdrawal is permitted. The withdrawal of the conference papers by conference organizers will never be permitted and the conference organizers will be punished for withdrawal by paying a withdrawal penalty of US\$50 per

manuscript. Withdrawal of manuscripts is only allowed after withdrawal penalty has been fully paid to the GRANTHAALAYAH Publishers by the authors or conference organizers or a third party. Any reason whatsoever of withdrawal of submitted manuscripts is treated as invalid and completely unacceptable under any circumstances. Publisher is not responsible for any damages whatsoever resulting from this consequence of the author's or conference organizer's or a third party decision. All questions or differences whatsoever concerning manuscripts withdrawal from GRANTHAALAYAH Publishers whether as to construction or otherwise, shall be held in the Indore (Madhya Pradesh) INDIA.

International Journal of Engineering Technologies and Management Research is an open access journal that provides monthly publication of articles in all areas of Engineering and Management. It is an international refereed e-journal as well as print journal. IJETMR have the aim to propagate innovative scientific research and eminence in knowledge. IJETMR Journals has become a prominent contributor for the research communities and societies. IJETMR Journal is making the bridge between research and industrial developments. The key objectives of IJETMR Journal are: To provide a platform for the promulgation of research outputs and activities in engineering and management fields. To publish knowledge and results in an efficient and effective manner. To ensure the implementation of copyright and intellectual property law, IJETMR Journal keeps a strong eye on the content of research papers. To encourage new research for the industrial applications in engineering and management fields. To improve the standards of scientific journals for the international dissemination of information. To bring together and build a team of outstanding experts on one platform from all over the world. To produce the authentic and qualitative research.
