## ACKNOWLEDGEMENT

Praise be to God Almighty for His mercy and grace, through which the final project entitled “Post-Production of English Learning Video Series: Airport Vocabularies” has been successfully completed. This final project is submitted as a requirement for obtaining an Applied Bachelor’s degree at the Department of Applied Foreign Languages, Faculty of Vocational College, Diponegoro University.

During the process of writing this final project, the author received tremendous support from individuals who contributed their time, energy, and encouragement. Through this opportunity, the author would like to express sincere gratitude and appreciation to:

1. Beloved parents, who have always provided prayers, love, and endless support throughout every step of the author’s journey.
2. Mrs. Sriwahyu Istana Trahutami, S.S., M.Hum., Head of the Applied Foreign Languages Study Program, for her guidance and encouragement throughout the study period.
3. Mr. Aditya Nur Patria, S.Hum., M.App.Ling., the supervisor who patiently guided the author and provided valuable insights from the beginning to the completion of this final project.
4. Raihan Ramadhan, someone who has always been there for me. Thank you for patiently accompanying me every step of the way, providing endless support, encouragement, and always assuring me that I can achieve my dreams. You have done too much good for me. Thank you for trying so hard for me.
5. Dheandra Kinanti and Rakha Pradipa, amazing teammates throughout the final project process. Thank you for your enthusiasm and great teamwork.
6. My best friend ngaji group, despite its name, we never studied the Quran together, but you guys have truly become my closest circle and a source of laughter, entertainment, and strength throughout my college years as a writer. I hope you are successful.

7. Adhigana Acintya 21, thank you for being a supportive and inspiring academic family throughout the author's journey in college.
8. All lecturers and staff of the Applied Foreign Language Study Program, who have provided knowledge, guidance, and support during the author's studies at Diponegoro University.
9. All other parties who cannot be mentioned individually, thank you for the help and support you have given.
10. Last but not least, I would like to express my sincere gratitude to myself for the hard work, for not giving up, and for always trying, even when things got tough.

The author realizes that this final project is far from perfect. Therefore, constructive criticism and suggestions are highly expected by the author for future improvements. Hopefully, this work can provide benefits and become a reference for further research or the development of learning media.

Semarang, 24<sup>th</sup> June 2025

Maftukhatul Rizkiyah

## ABSTRACT

As the global aviation industry continues to develop, airports have become strategic centers for air transportation and economic growth. Along with this development, understanding airport vocabulary has become essential for new employees, interns, and on-the-job training who are directly involved in operational processes. However, many of them still face difficulties in understanding English vocabulary within the airport work environment, which highlights the need for effective learning media. This study aims to address this issue by developing an animated learning video entitled “English Learning Video Series: Airport Vocabularies”, which is based on previous research that produced a multilingual glossary book. The research uses the Research and Development method, as it allows for the systematic creation of educational products, starting from potential and problem analysis to the final product. The development process includes three stages: pre-production (script and storyboard preparation), production (video shooting and voice dubbing), and post-production (editing and validation). Validation results from 30 respondents showed that the learning video achieved an average score of 3.56, which is above the feasibility score of 3.25. Therefore, this video is considered effective in improving the understanding of airport vocabulary and is recommended as an interactive training media in the airport work environment.

**Keywords:** airport vocabulary, learning video, interactive media, Research and Development method.

## ABSTRAK

*Seiring berkembangnya industri penerbangan global, bandara menjadi tempat strategis untuk transportasi udara dan pertumbuhan ekonomi. Tentunya dengan berkembangnya hal tersebut menjadikan perhatian bagi para pegawai baru, peserta magang, dan on job training dalam memahami kosakata kebandarudaraan saat terlibat langsung proses operasional. Namun saat ini masih banyak diantara mereka terjadi kesulitan dalam memahami kosakata bahasa Inggris di lingkungan kerja bandara udara. Sehingga dibutuhkan media pembelajaran yang efektif. Penelitian ini memiliki tujuan dari permasalahan tersebut untuk mengembangkan video pembelajaran animasi berjudul "English Learning Video Series: Airport Vocabularies" yang mengacu pada penelitian sebelumnya dalam membuat buku glosarium multibahasa. Metode dalam pembuatan penelitian ini menggunakan metode Research and Development karena dapat membuat produk edukatif secara sistematis terkait dari analisis potensi dan permasalahan hingga produk final. Pada proses pembuatannya terdapat tiga tahap, yaitu pra-produksi (penyusunan naskah dan storyboard), produksi (pengambilan gambar dan pengisian suara), dan pasca produksi (penyuntingan dan validasi media). Hasil validasi dari 30 responden menunjukkan bahwa video pembelajaran ini memperoleh skor rata-rata 3.56 yang berada di atas skor kelayakan 3,25. Dengan demikian, video ini dinilai efektif dalam meningkatkan pemahaman kosakata bandara dan direkomendasikan untuk digunakan sebagai media pelatihan interaktif di lingkungan kerja bandara.*

**Kata kunci:** kosakata kebandarudaraan, video pembelajaran, media interaktif, metode Research and Development.
