

ABSTRACT

This thesis entitled "Implementation of Library Function of Police Academy Semarang For Taruna And Taruni Police Academy Semarang". The purpose of this research is to know and analyze the function of Semarang Police Academy Library for Taruna and Taruni Police Academy Semarang. This research uses qualitative research design with descriptive research type. Selection of informants in this study using purposive techniques. In this study data were collected using interview technique, observation, literature study, and triangulation. Based on the analysis of interview data, it is known that the library functions of the Library of Semarang Police Academy have been well executed, including the function of education, information function, research function, publication function, deposit function, enterpretation function. However, the recreational function of the Police Academy Library library is quite low, this is because the light reading material is considered less entertaining.

Keywords : Function Library, Taruna and Taruni, Police Academy Semarang
