Rahma Anindita Aniq:

Dear Sir/Madam.

I hope this e-mail finds you well.

Let me introduce myself first. I am Rahma Anindita, an Undergraduate Student from International Relations of Universitas Diponegoro, Indonesia. At this moment I am conducting a research titled “Erasing the Gap between Indonesian Food Security Policy and SDG 12: A Responsible Food Consumption and Production”. The research is mainly about how food loss and food waste issue should be

incorporated in Indonesian Food Bill, in order to strengthen Indonesian food security.

Therefore, my intention at this stage is to negotiate any further information or any primary data about food loss and food waste in Indonesia because those are the main substance of my current research.

In the first instance, would you like to confirm to me whether I could obtain the right to access Indonesian Food Loss and Food Waste data you used in your research when those annual report and paper was made?

Or with all due respect, would you like to tell me what are those data you used to conclude Indonesian food loss rate at 97,30% (2017) and food waste rate at 73,20% (2017) as shown in these infographics attached above? And where I could probably obtain those data by myself?

I will gladly wait for your reply, and thank you very much for your consideration.

Yours faithfully,
Rahma Anindita

Ludovica Principato:

Dear Rahama,

thank you for being in touch with Barilla Foundation.

We suggest you to download the FSI workbook that you can find here in order to have as much information as possible on your Country.

Best of luck,
Ludovica

Ludovica Principato:

The source is Economist intelligence Unit based on FAO and FAO dataset data, check the excel file in indicator ranking there are all the sources

Best

Tangkapan Gambar dan Transkrip Email dengan FAO Indonesia

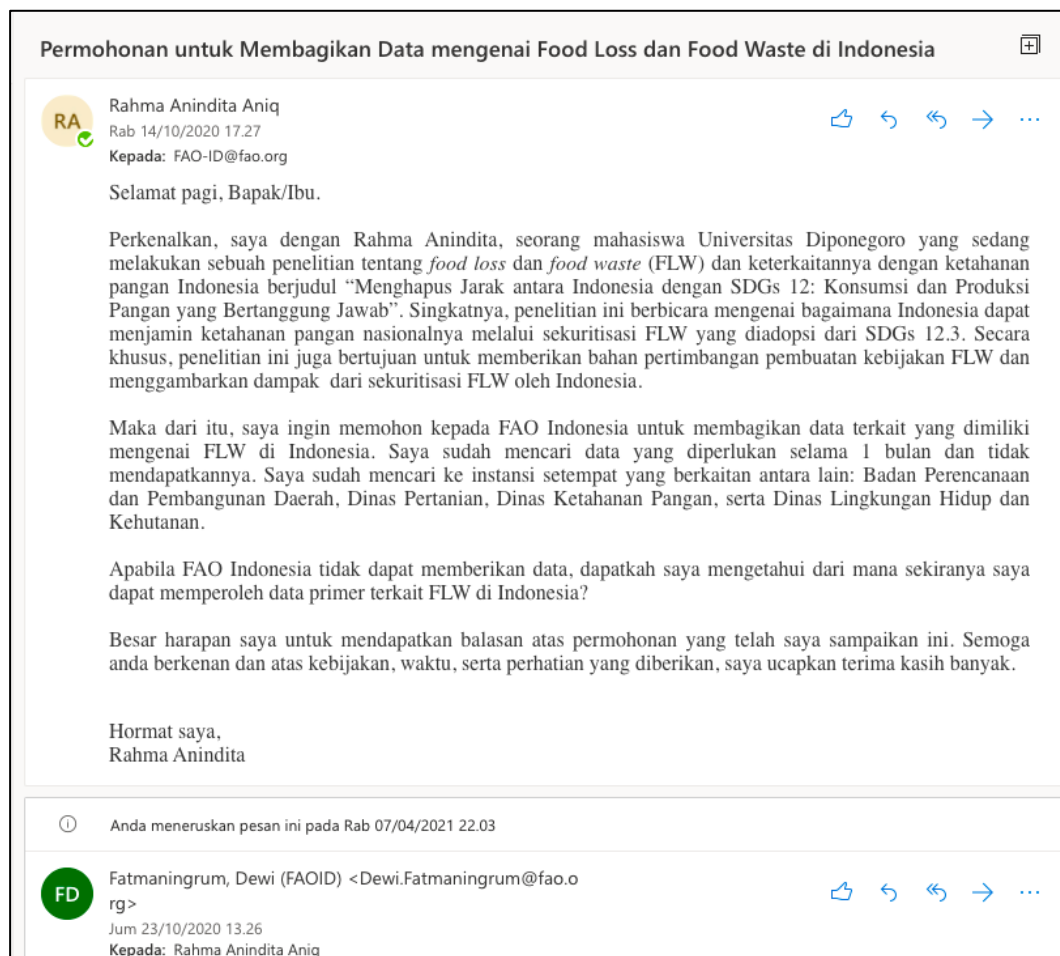

Nama : Dewi Fatmaningrum

Jabatan : Food Security and Nutrition Officer, Nutrition and SDGs Focal Point

Hari/Tanggal : 14 Oktober 2020

Email : FAO-ID@fao.org

Tangkapan Gambar:

Daerah, Dinas Pertanian, Dinas Ketahanan Pangan, serta Dinas Lingkungan Hidup dan Kehutanan.

Apabila FAO Indonesia tidak dapat memberikan data, dapatkah saya mengetahui dari mana sekiranya saya dapat memperoleh data primer terkait FLW di Indonesia?

Besar harapan saya untuk mendapatkan balasan atas permohonan yang telah saya sampaikan ini. Semoga anda berkenan dan atas kebijakan, waktu, serta perhatian yang diberikan, saya ucapkan terima kasih banyak.

Hormat saya,
Rahma Anindita

Dewi Fatmaningrum:

Selamat siang, Rahma Anindita.

Terimakasih banyak atas email yang dikirimkan terkait data Food Loss and Waste (FLW). Sayang sekali FAO Indonesia tidak mempunyai data primer terkait FLW di Indonesia. Namun, di bawah ini saya sampaikan informasi dari Badan Ketahanan Pangan, Kementerian Pertanian terkait FLW di Indonesia:

Untuk informasi terkait FLW dapat diakses lebih lanjut di <http://www.fao.org/platform-food-loss-waste/resources/horticulturalvaluechains/en/> atau <http://www.fao.org/platform-food-loss-waste/flw-data/en/>. Demikian dari kami, semoga membantu.
